RAILROADER

CREWE HIGH SCHOOL

Crewe, Virginia

CREWE HIGH SCHOOL
CREWE, VIRGINIA

Dear Mrs. Hagberg,

We hope this letter will come as a complete surprise--and a pleasant one, for we did all that we could to keep you from discovering that we had changed this page from its original layout. We thought and talked a lot about this change. Our first idea was to dedicate our book to you, but since you have taught us that this is "old-fashioned", we decided to write you a letters.

Our schedule cards show that you have taught us typing, shorthand, and bookkeeping, but they do not show the host of other things we have learned from you that will always be valuable in our lives.

Perhaps the first thing that comes to our minds is the fact that without your many, many hours of hard work and your unflagging interest, our RAILROADER and all it will mean to us in the years to come would have been only a dream instead of a reality. Every other week would have found a very poor TRAILBLAZER coming from the press had it not been for the part you played in its publication. Your patience with our mistakes has shown us what other people have only told us. Well will we remember the jams you got us out of, and the problems you solved for us through your intestest in us as individuals

Since we can never forget, nor ever completely express our appreciation for all you have done for us, Mrs. Hagberg, we, as a staff, as individuals, and for the entire student body will simply say "Thanks!" from the bottom of our hearts for everything.

FOREWORD

Here is another *Railroader* "Special" bringing to you by word and picture, the story of events in Crewe High School for the year, 1950-51. We have attempted to picture these events for you in a methodical arrangement as a glance at the above will show.

To those who are unfamiliar with the technique of reading picture-pages, we would point out that both the script and pictures are arranged in a left-to-right sequence. We believe you will enjoy reading and re-reading this picture-story. We are sure that each time you look at the pictures, you will see something you had not noticed before, for each picture was taken with the story in mind, and does not represent mere random snapshots.

We would ask you to give particular attention to the names of the page sponsors which appear at the bottom of the page. These business people have permitted us to use their advertising space for pictures of school activities. They deserve your attention and patronage.

FALL FINDS MANY IMPROVEMENTS MADE

Heavy spring rains which poured down both inside and out helped to sharpen the contrast between the newly-painted halls and the dark, cracked plaster in the classrooms. When it became known that the classrooms would be painted during the summer, all books, files, charts, maps, typewriters—even the mimeograph, were moved out of the classrooms and stored in the balcony of the Auditorium and the Library.

The painters, including our own Percy Cole, transformed the drab, dirty walls with light, fresh shades of blue, green, rose, and tan. When school opened in September, the smell of fresh paint was a welcome greeting to students and teachers alike.

With the painting completed, and the lawns cleared of leaves, the next problem to be tackled was the repair of the flagpole. In co-operation with the R.E.A. workers, the pole was taken down, hauled away for repair, to be returned when the lawn is dry enough to support the trucks.

HIGH SCHOOL DAY AT U. VA.

Early on Sept. 23, we boarded a bus and headed out of town—bound for Charlottesville and the University. We stood in line for tickets at "Monticello", paused on the portico to listen to the guide's story about each "original" piece of furniture, and by the pool in the garden where we saw our own images mirrored in the water and came to realize why Jefferson said, "All my wishes end, where I hope my days will end, at Monticello." . . . We weren't cramped for space when we ate our lunch in the empty stadium and were there in ample time to watch everyone enter —the teams, the spectators and the band. The University won for us, over George Washington, 14-0, thus bringing to a close a most memorable day.

The year 1941 is memorable to most people as the year of Pearl Harbor, but to the Class of 1952 that incident wasn't comparable in importance to our first day in school.

We were a class of many boys and few girls. We had our share of mischief-makers, high IQ's and just average students. All in all though, we weren't a bad lot—in our estimation.

Our grammar school years were happy ones with good teachers who put up with the worst in us and helped develop the best in us. To them we shall always be grateful.

We never shall forget the operettas and the May Days. The climax came, however, when we were in the seventh grade and were among those who boarded the bus to Washington. That trip to our Nation's capital will always stand out as a big event in our lives.

And then the year 1948! Our first year in High School! We weren't timid freshmen—we had reached that "show-off" stage and being in high school made us feel more important. Our teachers, Mrs. Yates and Mrs. Bullock, were kind and sympathetic and coped with our undesirable qualities beautifully.

It was in our Sophomore year that a new principal, Mr. Stuart Beville came. He gained the respect of our whole class, as did our homeroom teachers, Mrs. Hagberg and Mr. Pollard.

Now we were beginning to take on extra-curricular activities—band, glee club, sports, and social clubs. And then too, about this time we all began to look favorably upon the opposite sex. Though our number had decreased and we were small in quantity, we still liked to think we had quality.

We haven't long been Juniors, but even so we have had a magazine campaign to raise money for the Junior-Senior Banquet, have ordered our class rings, and elected our class officers. We are looking forward to our Junior Play to be given in the spring and to (our first) the Junior-Senior Banquet. Miss Winn, our homeroom teacher, has been a great help to us in more ways than one.

This December, 1950, the U. S. is facing a great crisis and war clouds are hanging heavily over us. May we as members of the Class of 1952 have a part in bringing about Peace.

Crewe's Midget team this year was comparatively small. A new age limit was adopted which included boys from the seventh grade through high school only, with a weight limit of 130 pounds. This plan was also adopted by Emporia and Lawrenceville but many of Crewe's rivals—Blackstone, Farmville, and Victoria had midget teams composed of boys from the seventh grade down. This eliminated these teams from our schedule, giving the Midgets only four games. Next year, probably more teams will adopt the higher age limit because of the lack of material in the lower grades.

Coaching the midget team has been the hobby of Joe Wilkinson, who is employed by the Norfolk and Western Railway.

MUSIC MAKERS IN C. H. S.

The Glee Club of Crewe High School, first organized in 1944, has become more active with each year's accomplishments.

Under the direction of Miss Lucy Page Johns, the Glee Club presented an assembly program in honor of American Education Week. In December they sang several songs following the Christmas Pageant for the Parent-Teachers Association. Also, on November 8 when Crewe High presented an exchange assembly program at Victoria, the Glee Club sang several songs. They plan to present an exchange program to Blackstone in the Spring. Miss Johns also plans for a Spring Concert.

Crewe High no longer has a school band, but a few members of the old band are now in the Nottoway County Band, which consists of members from Crewe, Blackstone, and Burkeville schools.

Among those from Crewe in the County Band are: Ruth Bryan Robertson, Betty Lou Williamson, Clara Mae Wootton, Carolyn Smith, Marjorie Reid, Johnson Willis, Jeff Davis, Bob Murphy, Neale Allen.

4-H WORK HAS EXPANDED IN CREWE THIS YEAR

The 4-H Clubs are organized groups of young people from 10 to 21 years of age who are engaged in farming, homemaking and community activities. They elect their own officers, hold regular meetings, plan and carry out programs based on the needs and interests of the young people.

There are 4-H Clubs in practically all countries of the world, "learning by doing" and striving to live up to their motto "to make the best better."

The name 4-H typifies the training of Head, Heart, Hands, and Health. The emblem is a four-leaf clover with the letter "H" in each leaf. The colors are green and white: green, nature's most common color which symbolizes springtime, life, and youth; and white, which symbolizes purity and high ideals.

Once a member of this organization one never forgets the things he has learned by "clearer thinking, heart enriched through greater loyalty, things accomplished by hand through longer service and health strengthened by better living."

WINTER BROUGHT FREEZING RAIN, SNOW,ICY ROADS - - EVEN A PRICE FREEZE!

Crewe, Virginia, has taken pride in its mild winter weather for the past several years, but the coming of winter, 1950, has shattered many hopes and records. For the students who count on bad weather to provide a holiday—it meant a few early dismissals, only. For the administrators, it meant extra-heavy coal bills and anxiety over the school buses on icy roads. As for "price freezing," the reactions were varied. In fact, the owners of new sleds and the Staff photographers were happiest whenever it started to snow.

Heavy snow such as is shown in the scene above seldom stays very long, so this picture was made early in the morning before it had disappeared in the form of snowballs and slush. Students reluctantly leave the buses for a day in class rather than a day in the snow. Recess on days like this means just one thing—a frolic in the snow, or on the ice. It took a high-speed camera and good balance on the part of Photographer Crittenden to catch Max Bryant using the front sidewalk as a skating rink during the noon hour.

The faint lines on the gym floor are retouched by Kay, Blanche, Betty Lou, and Haynie . . . A nice, warm lunch for a cold, wintry day . . . Pictures are back; Clara likes hers but Shirley doesn't; Mr. Cheatham thinks he'll never get them all given out . . . Buses are lined up and ready when the last bell causes a stampede . . . Crewe High welcomes a new faculty member, Mrs. Cheatham . . . The Nottoway County School Board adopts the 12 year school plan . . . Students file into assembly to hear the news.

THE CREED OF FUTURE HOMEMAKERS

We are the Future Homemakers of America
We face the future with warm courage
And high hope.

For we have the clear consciousness of seeking
Old and precious values.
For we are the builders of homes,
Homes for America's future.
Homes where living will be the expression of
everything
That is good and fair.
Homes where truth and love and security and faith
Will be realities, not dreams.

We are the Future Homemakers of America
We face the future with warm courage
And high hope.

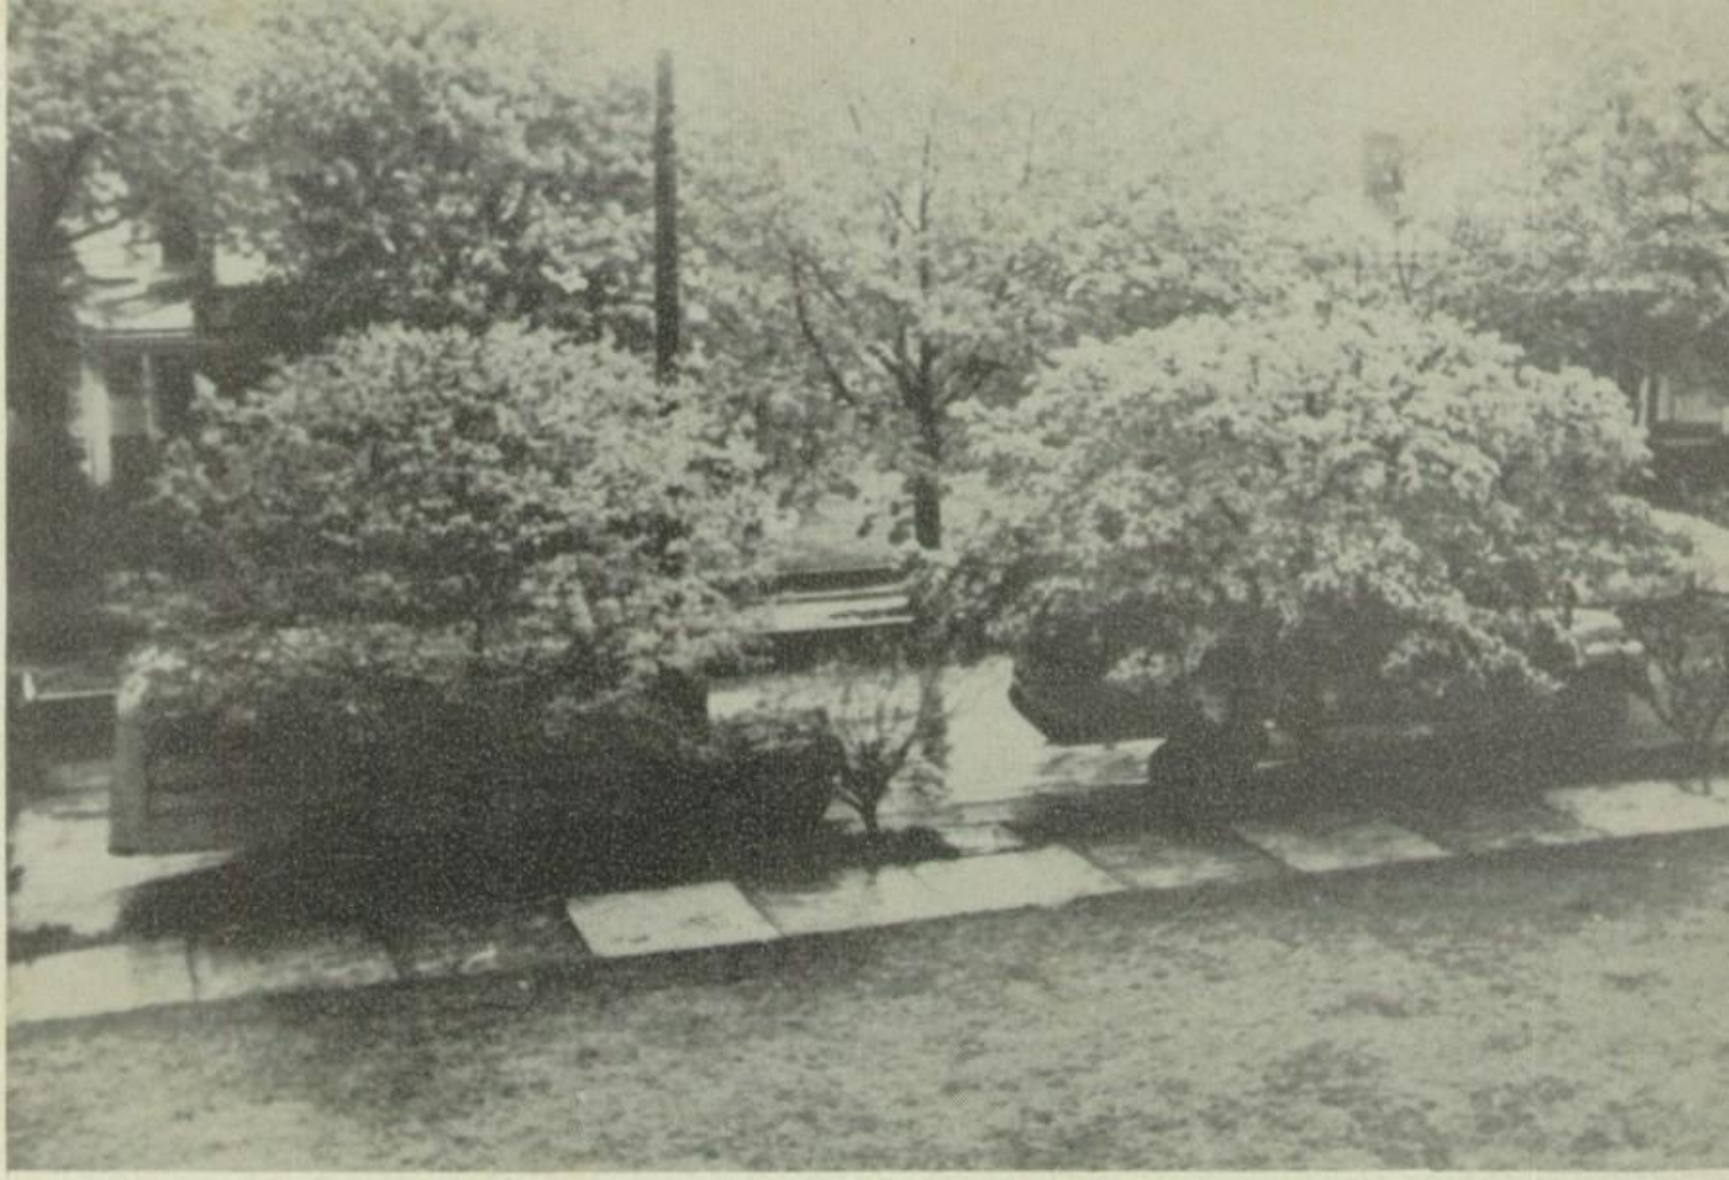
WELCOME, SWEET SPRINGTIME!



School buses await dismissal time as warm rains clean pavements and cause trees to burst forth in leaf and blossom . . . Springtime to Railroader and Trailblazer Staffs means "deadlines" hurdled, and S. I. P. A. coming up. The trip across country to Lexington brings to memory patches of redbud and flowering dogwood trees along the mountainous way . . . a never-to-be-forgotten side trip to Natural Bridge . . . the thrill of visiting the W. & L. campus itself. This, added to the very full schedule of meetings and interviews makes S. I. P. A. week-end one of the busiest in a normally busy season.

CREWE HOSIERY COMPANY, INC.

CREWE GENERAL CONTRACTING COMPANY

On the home front, the camera checks up with a few classmates—Haynie stops to talk with a friend . . . Billy rests (or is it spring fever?) . . . "Crewe High School, Marianne Crannis speaking," (while Mr. Beville teaches History III) . . . Willie disposes of the typists' first (or worst) attempts . . . Jack U. thoroughly enjoys "Dittoing" absence lists . . . Betty Lou H. counts the day's Cafeteria receipts for her report . . . Bookkeepers, Barbara Ann and Clarence, work on the C. H. S. Activity Fund Books . . . Children and dogs enjoy recess on a sunny, spring day.

IN CLASS WE SEE

We wont forget old Umholtz

Frank

The shop where work is fun and interesting . . . Myrtle takes her eyes off the copy . . . Ernest Martin (and others) puzzle over the number of teaspoons in a gallon . . . One of those rare moments when most of the Fifth Period Study is busy reading.

MOST TALENTED
MOST LIKELY TO SUCCEED

Kay Crittenden X

Capable, willing, pleasant, studious, talented in many ways—that's Kay. Whether it be reporting the plays in a football game, snapping pictures for The Railroader, drawing pictures for a dozen or more activities or just studying for any class, Kay does well everything she does. It is small wonder that fellow students believe her to be the "Most Talented" and "Most Likely to Succeed."

MOST ATHLETIC BOY

Donald Moore X

"Duck" has participated in and excelled in every part of the athletic program in CHS. One needs but to read the list of activities following his name in the Senior Activities section for proof of his interests and ability.

MOST ATHLETIC GIRL
MOST SCHOOL SPIRIT

Jean Zenstall X

Can you picture a football game on a snappy evening, a basketball game in the packed gymnasium or a pep (or PeP) meeting, without Jean? Well, frankly, we can't either! For when she isn't dribbling the ball toward the basket, she's leading the cheering for some other player. As a cheerleader, she cannot be surpassed. With her enthusiasm and "pep", we can readily understand why she was chosen as both the "Most Athletic Girl" and the student with the "Most School Spirit".

County May Day Brings Countries of the World on Parade

Six weeks of practice at the home school preceded the final practice on the Blackstone campus for the First Annual County-wide May Day held on May 5, 1950 . . . Rain postponed the regularly scheduled on-the-scene rehearsal. Alert administrators anxiously watched clouded skies and wet grass and finally issued the call for rehearsal. Crewe and Burkeville dancers accustomed themselves to the Blackstone grounds, glad for a chance to visit another campus and get a preview of the whole performance . . . Following the Field Day Events in the Stadium, the County Band and Majorettes were the center of attraction . . . Spectators watched from every vantage point—from tree limb and tree shade, from bleacher seat and sideline, wherever they could crowd in . . . Litter carriers hoisted their passengers . . . Queen Betty Eades arranged her train . . . Performers adjusted their costumes . . . Dancers awaited their cues to enter the INTERNATIONAL FANTASY.

J. R. CARSON
FITZGERALD CLEANERS

Spectators crowded the entrance as "King" Thomas Hamilton of Burkeville and "Queen" Betty Eades of Blackstone started on their way to the garland-decked throne . . . County Superintendent, Ray E. Reid, crowned the Queen as members of the Court looked on. Maid of Honor Jane Elder, Eva Mae Williamson, Joanne Franklin, Clara Totty, and Nancy Anderson represented CHS in the Court . . . Suzanne Eisenbeis, Margaret Smith, and Carole Dare Dunn from Crewe Elementary School were among the attendants . . . Most colorful and graceful of the dances (but most elusive to photographers) was the Arabian Dance . . . Precise and conscientious were the steps taken in the Primary Grades' Hoop Drill . . . Whimsical and gay were CHS boys and girls in the Slavic Dance . . . Enchanting and quaint best describes the Irish Dancers from 6th and 7th Grades . . . And dignity and courtliness marked the Minuet danced by Crewe's 4th and 5th Graders.

MOST ATHLETIC GIRL
MOST SCHOOL SPIRIT

Jean Zumstall X

Can you picture a football game on a snappy evening, a basketball game in the packed gymnasium or a pep (or PeP) meeting, without Jean? Well, frankly, we can't either! For when she isn't dribbling the ball toward the basket, she's leading the cheering for some other player. As a cheerleader, she cannot be surpassed. With her enthusiasm and "pep", we can readily understand why she was chosen as both the "Most Athletic Girl" and the student with the "Most School Spirit".

ERSONALITY BALLOT

Jack, Here's to the short-haired lady! "Mo"

MOST ATTRACTIVE GIRL

Mozelle Carter X

Dainty, modest, and sweet are only a few of the adjectives we might use to describe Mozelle's attractiveness. Her quiet charm has won for her the distinction of being chosen the "Most Attractive Girl" in the Class of '51.

MOST ATTRACTIVE BOY

Robert Edward Purgear X

No small part of Robert Edward's charm is his ever-present smile. In fact, we seldom see him without one. Sometimes it takes the form of a mischievous grin, a half-smile of amusement, or a broad laugh of gaiety. It's terribly hard for him to be serious, so we believe his smile will still be there when the last quarter-inch of the "Toni" has grown out.

BEST ALL-'ROUND

Haynie Maben X

A poll of the nominations made for the "Best All-'round" personality pointed to Haynie from every angle. Leadership, scholarship and popularity have gone hand in hand to earn this title for Haynie—not to mention her interest in sports and athletic contests in general (and football at U. N. C. in particular.)

STARS FELL ON JUNIOR-SENIOR 1950

Preparations for Decorations . . . Ready, Set, Go . . . Eat, Drink and Be Merry . . . For Later We Shall Dance . . . Students Dance Under the Stars While the Faculty Calls Time Out . . . Pause for Punch . . . The Big Three . . . "Five Foot Two, Eyes of Blue" by G. P. C. . . . The End of a Perfect Evening!

THIS IS NOT ALL !

That's right, this may *seem,* to be the end of the book, but it isn't! There is more to come! Later this summer, you will receive a "Graduation Supplement" which will bring to you the story of events which have taken place since our book went to press in March.

Your Staff has been busy preparing this sequel to the 1951 Railroader and will send it to the publishers immediately following graduation. This supplement will reach you later in the summer with instructions as to how to make it a permanent part of your book. We are very proud of this innovation and "hope you will like it."
